

HUMAN SCIENCES RESEARCH COUNCIL

BID DESCRIPTION: Appointment of a service provider to provide leadership coaching programme to the HSRC for a period of One (01) year.

Bid Number: HSRC/14/2022/23

1. HSRC BACKGROUND

The Human Sciences Research Council (HSRC) is a research organisation that advances social sciences and humanities for public use. The HSRC subscribes to the values of good governance, accountable public administration and sound management of the resources as reflected in the Public Financial Management Act of 1999 (PFMA as amended by Act 29 of 1999) and other laws and regulations applicable to public administration.

Established in 1968 as South Africa's statutory research agency the HSRC has grown to become the largest dedicated research institute in the social sciences and humanities on the African continent, doing cutting-edge public research in areas that are crucial to development.

Our mandate is to inform the effective formulation and monitoring of government policy; to evaluate policy implementation; to stimulate public debate through the effective dissemination of research-based data and fact-based research results; to foster research collaboration; and to help build research capacity and infrastructure for human and social sciences.

2. TENDER BACKGROUND

The HSRC, in striving to enhance its status as a learning organisation, wishes to contract a service provider to manage a coaching programme for senior researchers and managers that will assist research programmes and support units in the HSRC in achieving their annual objectives. The envisaged coaching programme extends the initiative to staff at levels below Divisional Executive (DE) to include selected researchers and support staff who possess the potential of leading and managing people to participate in this programme. It is envisaged that their participation in the coaching programme would have a systemic impact on their business units and the organisation as a whole in terms of assisting programmes and units to meet their annual performance targets.

The HSRC has main offices in Four centres (Pretoria, Cape Town and Durban, Pietermaritzburg).

We have budgeted for 40 staff members to participate in the programme.

The HSRC seeks to appoint a service provider with the credentials and skills to manage a group of coaches with the requisite qualifications and experience in working with senior researchers and support staff. Requests for proposals are sought from service providers which understand the mandate of the HSRC and how to realise the leadership and management potential of its senior researchers and managers.

3. SCOPE OF WORK

The main objective of the coaching programme is to ensure that the senior researchers and support staff are provided with effective coaching services so that individuals achieve the following:

- g) Prospective companies will need to familiarize themselves with the HSRC culture and business goals so that they can contextualize coaching programmes.

- j) Submit a report on the coaching experience, to be signed by the coach and the HSRC executive (by 31 March 2024), which-
 - Document the key learning experiences of the executive staff member achieved to date

 - How they would source coaches for the programme and pair them with coaching clients. The fit between coaches and coachees is crucial.
 - Proposed contractual arrangements with HSRC and with the coaches sourced
 - The proposal must show how the coach will identify areas of weakness and strength and what method they will use to identify and prioritize issues that will be addressed during the coaching intervention.
- l) The proposal must show how each consultation will be organized, the number and the length of sessions they would envisage for each client. Include the identification of key meetings, milestones, evaluations and assessments.
