

Dr Nomcebo Ubisi's Bio

Dr Nomcebo Ubisi is a Senior Research Specialist at the Human Sciences Research Council (HSRC), South Africa. She holds a PhD in Food Security from the University of KwaZulu-Natal and has over a decade of experience in interdisciplinary research. Her work focuses on food and nutrition security, climate change adaptation, Indigenous Knowledge Systems, digital innovation, and sustainable rural development. Dr Ubisi has led and contributed to nationally and internationally funded research projects, published widely in her field, and serves on the HSRC Research Ethics Committee. She is passionate about research capacity development, evidence-informed policymaking, and fostering collaborative research across Africa.
