

QGIS Software Download 2026

Here is a link for software that needs to be downloaded for the QGIS Practical. Attendees need to download QGIS 3.44 LTR (Long Term Release (LTR) (most stable)) beforehand.

<https://qgis.org/en/site/forusers/download.html#>

Then click on **Offline (Standalone) installers**.

Under **Offline (Standalone) installers**, Click on **Long Term Release Version for Windows (3.44.12 LTR)**.

QGIS 3.44.12 Solothurn LTR Setup will pop-up and then follow the prompts and install.
